Dolphin M500 LIBERTY

Superior pool cleaning made even easier

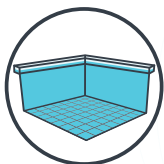

The Dolphin M500 LIBERTY is a unique battery-powered robotic pool cleaner, recommended for pools up to 15m in length, that are irregularly shaped and/or have in-pool obstacles, such as islands, pillars and bridges. The Dolphin M500 LIBERTY scrubs, brushes, vacuums and filters the entire pool for intensive removal of algae and bacteria leaves pool water pure and clean, significantly reducing the need for chemicals.

The robot has an advanced scanning program ensures optimal pool coverage, with entire-pool cleaning in 1:30 hours or less.

The Dolphin M500 LIBERTY has a unique, built-in battery compartment inside the motor unit, that minimizes weight and simplifies operation.

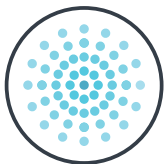

Programmable weekly timer

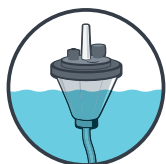

Covers your entire pool - floor, walls and waterline

Built-in Gyro, ensures nimble movement and full coverage

Interchangeable set of fine and ultra-fine filters

Cable Float with Battery Indicator

Remote control set-up of parameters & cleaning programs

M500 LIBERTY Product Specifications

Ideal pool length	Up to 15 m
Cleaning coverage	Floor, Walls & Waterline
Brushing	Dual-active brushing for removal of algae and bacteria, significantly reducing the need for chemicals
Cleaning cycle time	1 / 1:15 / 1:30 hours
Filtration	Top-access dual-level filtration system with ultra-fine cartridge for day-to-day cleaning collects fine dust particles
Robot weight	13.2 kg
Navigation and maneuverability	Integrated gyro for enhances scanning efficiency, precision and maneuverability
Charger	Digital switch-mode charger IP 54 Output less than 30 VDC
Caddy	Included
Remote control	Included for manual drive and with a choice of cleaning programs, operation delay and manual navigation
Warranty	36 months on all parts except the battery; 24 months on the battery
